Curriculum Vitae: Nigel Barnes

Nigel Barnes has been employed by Motorola for over twelve years. He has had long experience of standardisation, having started with CT2, followed by DECT, where he was an active delegate in the DECT Generic Access Platform (GAP) meetings, and also regularly attended ETSI RES03 and ETSI RES meetings.

He started GSM standardisation work more than 7 years ago, regularly attending SMG1, SMG4, SMG9 and SMG10 meetings, and later on he represented Motorola at SMG plenary. Nigel was elected as Vice Chair of SMG9 in 1997, is a current Vice Chair of the 3GPP T3 (USIM) working party, and has also been elected a Vice Chair of the ETSI Project SCP.

Nigel graduated in Electrical Engineering at the University of the Witwatersrand in Johannesburg, South Africa.
