1. Discussion

3GPP TSG SA would like to thank ETSI TISPAN for the LS (SP-040869/05TD063) that proposes a second WS on “IMS over fixed access”. 3GPP supports the proposed WS and the preferred dates of March 30-31, 2005.

3GPP would like to ensure that the invitation is open to participants from all 3GPP OPs.

3GPP notes that even if CN1 and SA2 expert participation is requested, companies will send experts as they see appropriate.

3GPP also ask ETSI TISPAN to note that a workshop is not binding on the parent bodies; hence, agreements made at the WS will need endorsement in the parent bodies.
