# The origins:

**A young Stefano  
attending his first  
SA2 meeting**

**Nowadays:**

**A more mature Stefano  
at SA2#172...**

**... pretending he is doing  
something useful!**

**So, one may ask:**

**What the \*\*\*\* has he been  
doing in between his first  
meeting and today?**

**Let's have a look at it together...**

**He has done  
some  
serious work**

Stefano working while  
Ivano and Gerardo fool  
around

See how fast the  
drone is flying?

He is smiling here  
too...

It was a Monday  
morning, that's why  
they were still smiling...

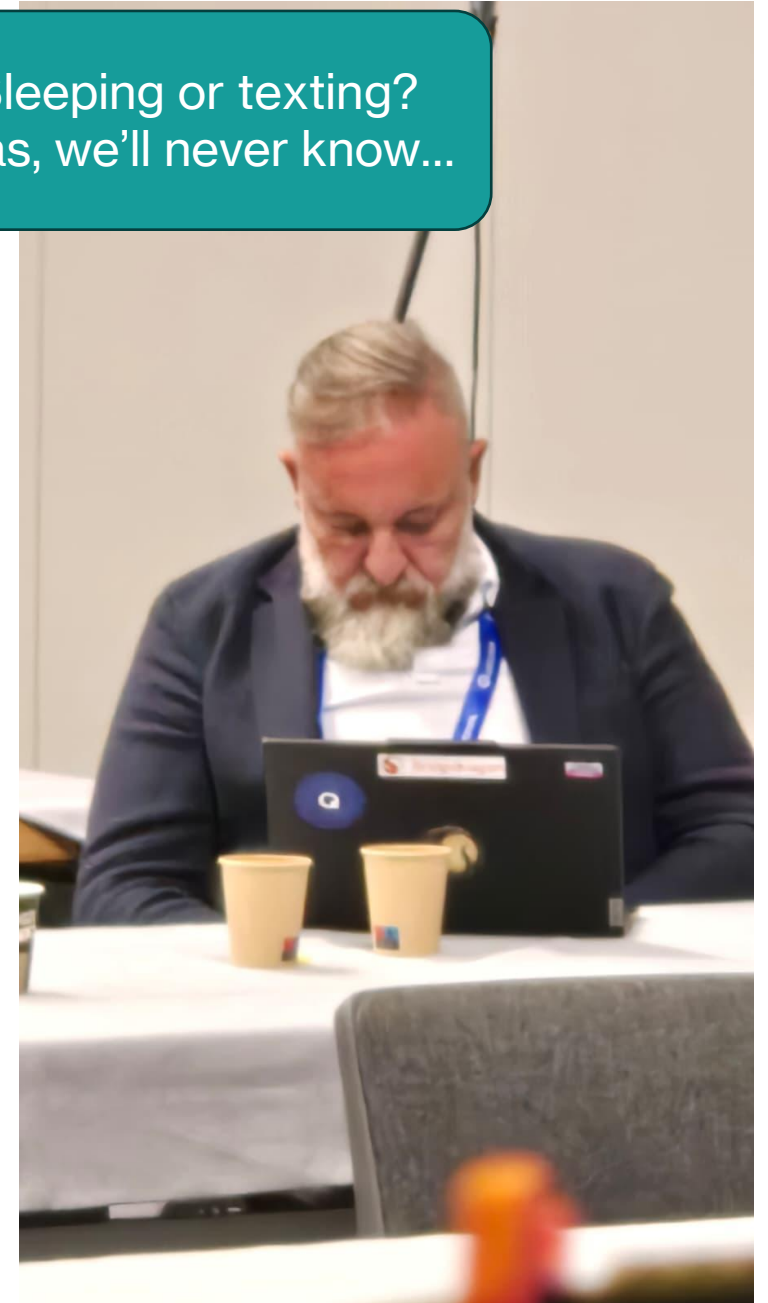

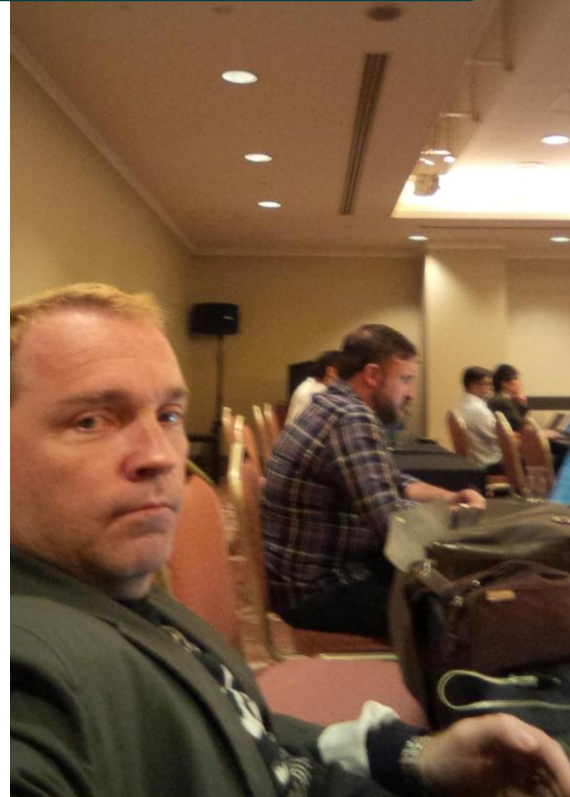

**... even though sometimes  
he seemed distracted!**

Sleeping or texting?  
Alas, we'll never know...

Let's post  
something  
funny on  
Facebook!

Here it looks like he  
was actually working...

# He has traveled a lot

Sometimes with bizarre  
means of  
transportation...

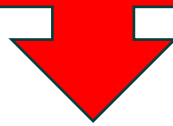

# He has had many dinners

**... and many drinks!**

This is the secret to survive almost 30 years of SA2!

Fun fact #1: Studies show that the more one drinks, the more one can bear SA2 meetings

What the \*\*\*\* are you doing, Adrian?

# He has done “some” shopping...

Fun fact #2: Studies shows that the economic activity generated by the purchases of these three individuals increased the global GDP by 3% in fiscal year 2025

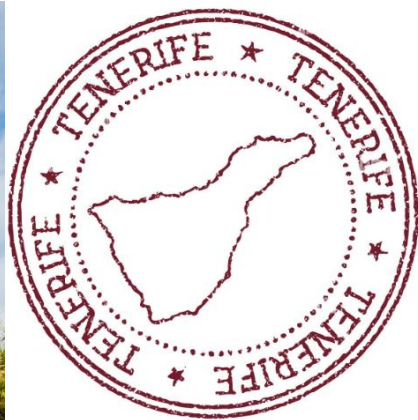

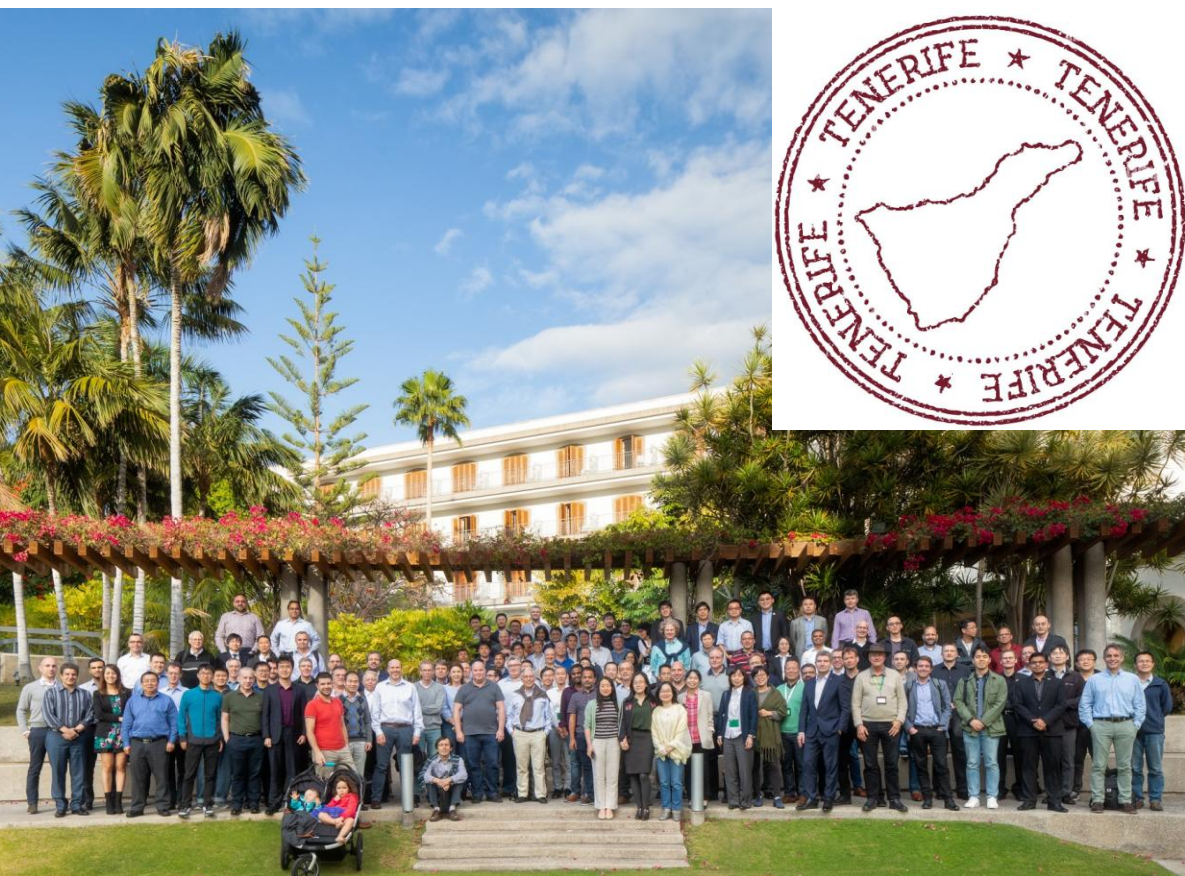

He met a lot of  
important people

Please let  
me out of  
here, now!

# I mean, A LOT of important people!

# He has welcomed all delegates (even newer ones) in the same way...
