**Title:** Text Proposal for TS25.102  
**Document for:** Approval  
**Agenda Item:** 6.2

---

**A. Discussion:**

The following text is proposed for inclusion in TS25.102.

**B. Text Proposal for TS25.102 5.2 Frequency bands”**

## 5.2 Frequency bands

UTRA/TDD is designed to operate in the following bands;

- a) 1900 – 1920 MHz: Uplink and downlink transmission  
2010 – 2025 MHz Uplink and downlink transmission
- b) 1850 – 1910 MHz: Uplink and downlink transmission  
1930 – 1990 MHz: Uplink and downlink transmission
- c) 1910 – 1930 MHz: Uplink and downlink transmission

[Additional allocations in ITU region 2 are FFS]

Deployment in other frequency bands is not precluded.
