

RAN#74, Vienna, Austria
Dec. 5th – 8th 2016
Agenda item: 9.1

ON NR RELEASE 15 AND BEYOND

RP-162375

GENERAL REMARKS

- › One Work Item to specify NR Phase 1 in Rel-15
 - Need for joint specification work on the different aspects of the NR air interface

- › Multiple Study Items in Rel-15 (preparing NR Phase 2)
 - For better structuring the future work
 - Limit the number of Rel-15 SIs not to impact quality and timely completion of the NR Work Item

- › Not all topics will fit into Phase 1 (or Phase 2)
 - 3GPP Rel-15/16 must meet IMT-2020 requirements
 - Forward compatibility will allow NR evolution also in Rel-17 and beyond
