In TS 25.215 some editorial errors has been found. This CR corrects these errors.

The following errors in TS 25.215 is corrected by this CR:

1. section 5.1.1 CPICH RSCP. Removal of the term “pilot bits” in the definition of the measurement, there are no pilot bits on the CPICH.
2. section 5.1.3 RSCP, there is an error in the range, which is stated twice with different values. The correct range is [-115, .., -25] dBm.
