Technical Specification

**3rd Generation Partnership Project;  
Technical Specification Group Radio Access Network;  
NR;  
User Equipment (UE) conformance specification;  
Radio transmission and reception;  
Part 2: Range 2 Standalone  
(Release 17)**

The present document has been developed within the 3rd Generation Partnership Project (3GPP™) and may be further elaborated for the purposes of 3GPP. The present document has not been subject to any approval process by the 3GPP Organizational Partners and shall not be implemented. This Specification is provided for future development work within 3GPP only. The Organizational Partners accept no liability for any use of this Specification. Specifications and Reports for implementation of the 3GPP™ system should be obtained via the 3GPP Organizational Partners' Publications Offices.
