

TR-45/2000.09.12.09
S3-_____

3GPP AKA Specifications Subject to Joint TR-45/3GPP Control

Based on review of the *AKA in 3GPP specification and joint control* correspondence (S3-000484 and TR-45/2000.08.15.08), both TR-45.2 and the TR-45 AHAG propose that the following the 3GPP documents/sections be subject to joint TR-45/3GPP control:

- 1) TS 33.102 *3G Security: Security Architecture* (v.3.3) Section 6.3 *Authentication and Key Agreement*
- 2) TS 33.103 *3G Security: Integration Guidelines* (v.3.5) Section 4.2.2 *Authentication and Key Agreement (AKAUSIM)*, Section 4.5.3 *Authentication and Key Agreement (AKASN)*, and Section 4.6.1 *HLR/Authentication Centre*.
- 3) TS 33.105 *3G Security: Cryptographic algorithm requirements* (v.3.4) Section 5.1 *Authentication and Key Agreement*.

Furthermore, any equivalent sections (if section numbers change in the future) should be considered subject joint TR-45/3GPP control.
