SA3 would like to inform CN4 that SA3 has approved the CR to TS 33.200v4.1.0 (attached in S3-010658) corresponding to N4-011374, a CR to TS 29.002v4.5.0, submitted to CN4#11(Cancun).

SA3 hopes that CN4 can approve this CR in order bring TS 29.002 and TS 33.200 into alignment.
