Re: Unified 3G OAM&P Requirements

Dear Mr. Yuhan,

Thank you very much for sending us a letter with your document of 3GPP Telecom Management Principles and Requirement (32.101) and Telecom Management Architecture (32.102). In addition to that, Mr. Joerg Schmidt, Motorola, presented an overview on 3GPP TSG-SA WG5 activities in our WG2 meeting on March 22, 2000. We understand your situation that we have a similar target and are very interested in a co-operative relationship between 3GPP TSG-SA WG5 and 3GPP2 TSG-S WG2.

To discuss in detail how the co-operative relationship could be made successful, we would like to invite your representatives to our TSG-S WG2 meeting during TSG-S meeting in Las Vegas, NV during the period of May 9-11, 2000.

We look forward to a speedy and positive response from you. Please feel free to contact Mr. Masaaki Yoshimura, WG2 Chair, or myself for additional information or any assistance you may need.

Regards,

Hideo Okinaka
3GPP2 TSG-S Chair
