

# Next Generation Mobile Networks Alliance [NGMN]

**Title:** NGMN Liaison Statement to 3GPP regarding a new NGMN Board 6G Publication

**Source:** NGMN Board

**To:** 3GPP PCG, 3GPP OP, 3GPP TSG RAN, 3GPP TSG CT and 3GPP TSG SA

**Date:** 20<sup>th</sup> October 2023

**Contacts:**

Programme Manager representing NGMN: Reg Cox ([reg.cox@external-ngmn.org](mailto:reg.cox@external-ngmn.org))

Project Leads: Luke Ibbetson ([luke.ibbetson@vodafone.com](mailto:luke.ibbetson@vodafone.com)), Javan Erfanian ([javan.erfanian@bell.ca](mailto:javan.erfanian@bell.ca))

---

## Sharing recent publication entitled “6G Position Statement: An Operator View”

The NGMN Board would like to point 3GPP PCG, 3GPP OP, 3GPP TSG RAN, 3GPP TSG CT and 3GPP TSG SA to its recent 6G publication entitled “6G Position Statement: An Operator View”, available at [https://www.ngmn.org/wp-content/uploads/NGMN\\_6G\\_Position\\_Statement.pdf](https://www.ngmn.org/wp-content/uploads/NGMN_6G_Position_Statement.pdf). This NGMN Board publication describes how the industry needs to transform the way new technology generations are introduced taking a proactive stance and emphasising the need for a graceful evolution towards 6G.

The publication provides comprehensive guidance across several key requirements and design principles, including network simplification, absolute energy reduction, network AI transformation and predictive network management, safe and resilient infrastructure, global 6G standards, software upgrade to 6G, no intrinsic need for hardware refresh, no compromise to existing services (Voice) and access across mobile, fixed and non-terrestrial networks.

NGMN encourages 3GPP members to review the Position Statement and take it into consideration for development of 3GPP standards towards 6G. **NGMN Board members will make themselves available for further explanation offline upon request.**

We look forward to continuing to work closely with 3GPP in the future.
