

**3GPP TSG CN Plenary Meeting #14
Kyoto, Japan. 12th - 14th December 2001.**

NP-010608

Source: CN4 Chairman (Ian Park)
Title: SUA: Question for advice and decision
Agenda item: 6.4.2
Document for: Discussion and decision

As reported in the "Conclusion" section of TR 29.903, the report on the SUA feasibility study (in NP-010633), CN4 were not able to reach consensus on whether or not to recommend that CN4 proceed with specifying the possible use of SUA for the transport of the BSSAP+, CAP and MAP protocols.

CN Plenary are asked to decide how any further work should proceed (a possible answer is "not at all!").
