Title: **Draft Liaison Statement on MNP**

From: **CN Plenary**

CN plenary thanks CN4 for their work on MNP charging. CN plenary notes that within the timescales available it has been hard to finalise the MNPcharging requirements and also the technical CRs for both the CAMEL-based and non-CAMEL-based MNP solutions. We note that SA1 is planning to introduce MNP charging requirements as a release 5 feature. CN plenary supports the view that the complete package for support of MNP charging requirements in both CAMEL and non-CAMEL based cases should be available in Release 5. We therefore ask CN4 to continue to work on any necessary Release 5 CRs and aim to have all CRs presented to CN#21.
