1. Overall Description:

CN plenary thanks CN4 for their work on MNP charging. CN plenary notes that within the timescales available it has been hard to finalise the MNP charging requirements and also the technical CRs for both the IN-based and SRF-based MNP solutions. We note that SA1 is planning to introduce MNP charging requirements as a release 5 feature. CN plenary supports the view that the complete package for support of MNP charging requirements in both IN and SRF based cases should be available in Release 5. We therefore ask CN4 to continue to work on any necessary Release 5 CRs and aim to have all CRs presented to CN#21.

2. Actions:

To CN4 group.

ACTION: To proceed with CR drafting as described above.

3. Date of Next TSG-CN Meetings:

TSG-CN Meeting #21	17th - 19th September 2003	Frankfurt, Germany.
TSG-CN Meeting #22	10th - 13th December 2003	U.S.A.
