1. Overall Description:

SA2 would like to thank CN5 for their LS on OSA Stage 2 - A cross-releases Overview (N5-040779) and discussed their request to withdraw the TS 23.127 from 3GPP Release 6 specifications.

SA2 noted that the CN5 TS 23.198 was submitted for information to the previous TSG CN Plenary #26 and the draft TS 23.198 is available on the 3GPP server as TS 23.198 V1.0.0.

SA2 also noted that the VHE – OSA interaction section has been included into the draft TS 23.198 and therefore the TS 23.198 will cover all specified aspects of TS 23.127.

Concluding, SA2 will propose to the next TSG SA#27 to withdraw TS 23.127 from Release 6 provided that the TS 23.198 has been submitted to and approved by TSG CN#27 as part of Release 6.

2. Actions:

ACTION: SA2 asks CN5 group to note the conditions for SA2 to withdraw their TS 23.127 from Release 6. Therefore, SA2 kindly asks CN5 to submit the draft TS 23.198 for approval to the next TSG CN Plenary Meeting #27
