Subject: Transfer of GSM LCS to 3GPP and SMG2

T1P1 thanks 3GPP and SMG for their continued support throughout
LCS GSM Release 98 development.

T1P1 Location Services (LCS) has completed the work for GSM
Release 98. This milestone represents the most logical opportunity to
transition lead responsibility of the work to the 3GPP, as requested
by 3GPP TSG-CN and SMG2.

Best regards,
