

Service Change and UDI Fallback (SCUDIF)

SA:

- Two CRs for approval at SA#15:
 - CR from SA1 on service requirements
 - CR from SA4 on 3G.324 codec

CN:

- CRs agreed in CN1 and CN3 was presented at CN#15, but referred back to the WGs for inclusion of two remaining issues:
 - interworking with ISUP networks
 - clarification of handling of pre-R99 mobiles

Work Item Status:

- The two above CN issues will be handled by CN WGs for subsequent approval and completion at CN#16, June 2002
