Dear Susanna and Frederic,

As an indication of strong continued commitment to 3GPP, we are pleased to nominate Mr. Georg Mayer as candidate for the 3GPP TSG CT WG1 chairman election at CT1#71 in May 2011.

Georg has 17 years of work experience in the field of telecommunication and specifically in the area of mobile communication and voice over IP since 2001. Georg has a broad experience working in design and test, system architecture, project management, team leader and as a Subject Matter Expert in standardization.

Since 1998, Georg has been involved in many different standardization areas and bodies, such as ECMA, ITU-T, IETF, ETSI and 3GPP. He was a Chairman of ECMA TC32 TG14 for two years (2000 till 2002).

From May 2001 to present, he has actively been participating in the 3GPP TSG-CT WG1 with main focus on the IP Multimedia Subsystem (IMS). From August 2005 till August 2009 he was Vice-Chairman of the CT WG1. Georg has chaired IMS breakout sessions at every CT1 meeting since May 2007. He is rapporteur of several Work Items and Technical Specifications to include IMS Conferencing, IMS Messaging and enhanced IUT.

He currently is also active in the GSMA VoLTE activities and participating GSMA IREG RILTE meetings.

Huawei will provide all necessary support and resources to ensure that Georg fulfils his responsibilities as Chairman.

With Kind Regards,
