Nomination for 3GPP TSG CT WG1 Vice Chairman Position

Dear Susanna, dear Frederic,

Nokia Networks (ETSI) is pleased to nominate Mr. Peter Leis as candidate for the 3GPP TSG CT WG1 Vice Chairman elections to be held during the CT WG1 meeting#93 in August 2015 in Vancouver.

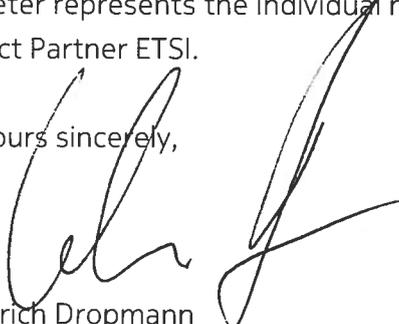

Peter has over 22 years of working experience in the field of telecommunications. He has held different positions in Siemens and Nokia Networks.

Since September 2002 Peter is an active participant of 3GPP TSG CT WG1 meetings. Since October 2014 he is chairing the IMS breakout meeting during CT1 meetings. Peter holds the position of a CT WG1 main delegate for Nokia Networks.

If elected, Nokia Networks will provide all the necessary support for Peter required for this position. Peter will be trained to comply with all applicable antitrust/competition laws and regulations while acting in his capacity as TSG CT WG 1 Vice Chairman.

Peter represents the individual member Nokia Networks Oy and Project Partner ETSI.

Yours sincerely,

Ulrich Dropmann

Brief CV of Mr. Peter Leis

Since September 2002 Peter is an active participant of 3GPP TSG CT WG1 meetings with a focus on the IP Multimedia Subsystem (IMS). He has been a key contributor to IMS related work since Rel-6 and has been rapporteur of several work items and technical specifications in the area of IMS. Since October 2014 he chairs the IMS breakout sessions during CT1 meetings. He holds the position of a CT WG1 main delegate for Nokia Networks.

Peter has started his professional career at Siemens AG in 1992 and has over 22 years of working experience in the field of telecommunication. He has held different positions in Siemens and Nokia Networks including software engineer, system architect, and project manager and now as senior standardization expert.

Peter received a B.Sc. Degree in Electrical Engineering in 1991 from Munich University of Applied Sciences.
