

Nomination of candidate for the 3GPP TSG CT WG4 Vice Chairman

Dear Ms. Susanna Kooistra,
Dear Mr. Kimmo Kymalainen,

NEC is pleased to nominate Mr. Toshiyuki Tamura (NEC Corporation via TTC) as a candidate for the Vice Chairmanship of the 3GPP TSG CT WG4.

NEC will provide all the necessary support, time, and expense for Mr. Tamura to fulfill his responsibilities as Vice Chairman.

Please find hereafter his curriculum Vitae.

Toshiyuki Tamura graduated from, Electronics Engineering, Kogakuin University, Japan in 1985. Right after that he joined NEC Communication Systems, Ltd. in Japan and he was engaged in the software development of Analog Cellular MTS system in NEC Communication Systems.

In 1990 he was transferred to NEC America, Inc. in Irving Texas. While he was in United States for three years, he was engaged in software development of ISDN local switching system.

After he returned to Japan, he was engaged in software development of various mobile radio communications systems including IS-41 system and PDC (Personal Digital Cellular) system.

Once 3GPP standardization activity started, he joined TTC SWG CN and also has been actively participating to 3GPP TSG CN/CT WG4. Since 2001, he is the vice chairman of 3GPP TSG CN/CT WG4.

Mr. Tamura currently is a Senior Manager, International Standardization in Mobile IP Network Division in NEC Corporation and serves as the leader of TTC SWG CN in Japan.

Yours faithfully,

Yoshifumi Kodama

Chief Engineer,
Mobile Network Operations Unit,
NEC Corporation
