Proposal for Meeting logistics

- Extra parallel streams in RAN 1 and RAN 2.
- Some parallel sessions in RAN 4
- RAN 3 work (if any) in main session (common with Rel-13 LTE MTC)
- Proposed additional GERAN ad hoc meetings for evolved-GSM WI phase.
- Organise GERAN WG1/WG2 and RAN WG1/WG2 (CloT ad hoc) sessions in time-division/parallel manner. e.g:
 - GERAN 1 “evolved GSM” morning
 - RAN 1 “clean slate” afternoon
 - GERAN 2 “evolved GSM” afternoon
 - RAN 2 “clean slate” morning
- Early agreement on dates/location could facilitate logistics arrangements.
