Title: Complete set of 3GPP Radio Interface Specifications
Document for: Discussion and Approval
Agenda Item: 6.5.3

The attached contribution is meant to be submitted to the next meeting of ITU-R TG 8/1 as information paper. It will contains the complete set of agreed 3GPP specifications agreed at the RAN plenary #5. The purpose is to ensure that all Specifications (that will be included in IMT.RSPC by reference) will be available at the Helsinki meeting of TG 8/1 for consultation.

ANNEX

[3GPP MEMBER, OR ADMINISTRATION]#

COMPLETE SET OF 3GPP RADIO INTERFACE SPECIFICATIONS

The complete set of Radio Interface Specifications as agreed by 3GPP TSG RAN at their October meeting is available for consultation in CD-ROM format. It can be requested at the ITU-R TG 8/1 Secretariat.

This contribution was developed in 3GPP TSG RAN
