

TSG-RAN Meeting #12
Stockholm, Sweden, 12-15 June 2001

RP-010410

Source: Rapporteur
Title: Status Report of Work Item Traffic Termination Point Swapping
Document for: Information

Status

TR25.xyz Re-arrangement of Iub Transport Bearers (former title was Traffic Termination Point Swapping) v.0.0.2 was presented in TSG RAN WG3#21 for approval. In the presented draft proposal of the TR, the scope of the TR, introduction part and requirements were defined and open study areas were identified.

Open Issues

The only open item identified so far is, that should the CRNC be able to trigger Iub Transport Bearers re-arrangement?

Proposal

It is proposed to submit the TR25.xyz Re-arrangement of Iub Transport v.0.1.0 to TSG RAN#12 for information. It is also proposed to revise the Work Item Description for the Traffic Termination Point Swapping (agreed in TSG RAN #11) in TSG RAN #12 to reflect the agreements received in RAN WG3#21 meeting. E.g. the name of the WI Traffic Termination Point Swapping shall be renamed to Re-arrangement of Iub Transport Bearers.
