

# T1P1

Wireless/Mobile  
Services and Systems

July 26, 2002

A Technical Subcommittee of  
Standards Committee T1  
Telecommunications

Francois Coureau  
Chair, 3GPP TSG RAN  
[Francois.Courau@alcatel.fr](mailto:Francois.Courau@alcatel.fr)

Accredited by the American National  
Standards Institute

Dear Francois,

Asok Chatterjee  
Chairman

Mark Younge  
Vice Chairman

Regarding the scheduling of events leading to the transposition and submission of 3GPP specifications for revision 3 of ITU R M 1457, which is due to the ITU on or before April 1, 2003 (per liaison from ITU WP 8F), T1P1 will need the completed, revised specifications from the MCC no later than December 15, 2002.

A Sponsored Committee of

Alliance for Telecommunications  
Industry Solutions

This implies that the specifications for revision 3 of R M 1457 will be the output of TSG RAN#17. If this is not agreed, then T1P1 will need the April 1<sup>st</sup> date to be extended and the revised specifications from the MCC available by March 15, 2003.

Assuming TSG RAN determines to submit the output specifications from TSG RAN#18, then T1P1 will need an extension of the ITU deadline until May 31, 2003.

We are providing this information to you in advance to allow TSG RAN to make an informed decision concerning which specifications should be approved for submission to ITU and hopefully avoid some of the errors and confusion that existed for the process leading up to the submission of revision 2.

Best regards,

[Original copy signed by Asok Chatterjee]

Asok Chatterjee  
Chairman, T1P1
