

TSG-Radio Access Network meeting #13
Beijing, 18th – 21st September 2001

RP-010665

Title: Update Terminology used within 3GPP
Source: ITU-R Ad Hoc
AI: 8.5
Document for: Approval

[ITU Member]¹

UPDATE TERMINOLOGY USED WITHIN 3GPP

Following Doc. 8F/357 submitted to ITU-R WP8F#5, this document contains the latest version of TR21.905 “3G Vocabulary” (see Attachment). It is proposed to consider the Definitions, Acronyms, and Abbreviations used within 3GPP in the revision of Recommendation M.1224.

Attachment: TR21.905 v. *[include latest version]*, “Vocabulary for 3GPP Specifications”

¹ This contribution was developed in 3GPP TSG RAN.
