Title: LS on DSCH related updates for Rel'4 UE capabilities for the UE Radio Access Capability parameter combinations

Contact: Juha Mikola
juha.mikola@nokia.com

RAN WG2 thanks RAN WG1 for the LS on Modification to the UE capability in TR 25.926 for Release 4 (R2-010034). The agreed CR to TS 25.306 is in the attached R2-010572.

RAN WG2 would also like RAN WG1 to consider whether for the 128 kbps UE class the physical channel parameter for the support of PDSCH could be changed from Yes/No to Yes. If RAN WG1 agrees with this change the revised CR can be brought to RAN #11 for approval.
