

Meeting #14, Kyoto, Japan, 17-20 December 2001

Source: TSG SA vice chairman

Title: Report for Adhoc Meeting on OHG proposed "3GPP/3GPP2 Joint Workshop on IP Core Network Harmonization"

Agenda Item: 8.5

Date: 18th December 2001

Participants: 13 participants (See Annex)

Assumptions:

- Participants of the workshop will attend as individual members of 3GPP
- There should be no impact on 3GPP specifications up to and including Rel5.

Consensus

Scope

A consensus was reached on the following 2 items as appropriate for the scope of a 3GPP-3GPP2 joint workshop.

- Item 1: Identify possible WIs for short term harmonization
- Item 2: Long Term IP Core Networks harmonization

Work Method

For item 1.: Present the current status of both 3GPP & 3GPP2 specifications and perform an appropriate gap analysis.

For item 2.: Exchange information on the vision of each company with regard to long term IP Core Networks.

Way Forward

1. Inform OHG of the scope of the workshop as agreed by 3GPP
2. 3GPP and 3GPP2 to co-ordinate the development of a workshop scope, agenda, & working method. Notify the members of 3GPP of the content of discussions via the 3GPP e-mail reflectors
3. Co-chair of the workshop and contact person for co-ordination between 3GPP & 3GPP2 will be Mr. Stephen Hayes as 3GPP TSG-CN Chairman.
