Meeting Registration Form

"Sutton Place.doc"

## Meeting Schedule

|  | Monday April 1 | Tuesday April 2 | Wednesday April 3 | Thursday April 4 | Friday April 5 |
|---|---|---|---|---|---|
| AM |  |  | 0900 – 1145 | 0900 – 1145 |  |
| Lunch |  |  | 1145 – 1300 | 1145 – 1300 |  |
| PM |  |  | 1300 - 1700 | 1300 – 1500 |  |

## Wireless LAN

3GPP2 will provide an 802.11b wireless network for the distribution of contributions.  In order to use the network each individual will need an 802.11b wireless LAN card.  Details on how to configure your system are on the 3GPP2 web site at:

http://www.3gpp2.org/Public_html/AllTSGs/laninfo.cfm

## Submission Process

Contributions should be e-mailed to David.Boswarthick@etsi.fr by March 22, 2002.  They will be posted at ftp://ftp.3gpp.org/tsg_cn/Joint_Meetings/IP_CN_Workshop/.  Documents not submitted by March 22, 2002 will be discussed as time allows.

## Terms of Reference for the workshop

The workshop is intended to promote work on harmonization of the 3GPP and 3GPP2 IP core networks. This includes the analysis of the differences and commonalties between the current 3GPP and 3GPP2 IP multimedia services, architectures, and protocols.  Requirements for long term IP network evolution will also be considered.  The workshop will attempt to identify areas ripe for further harmonization work. The output of this workshop is may be used by the 3GPP or 3GPP2 to guide future work but is not binding on either organization.

## Agenda

1. Call to Order
2. Opening Remarks from Host(s) ........................................................................
3. Attendance Registration...............................................................................
4. Distribution & Numbering of Contributions ......................................................
5. Assignment of Contributions to Agenda Items ..................................................
6. Adoption of Agenda ....................................................................................
7. Day 1 (Comparison Analysis)........................................................................
   - Terms/Definitions
   - Architecture Comparison
   - IMS/MMD Review
   - Overview of 3GPP and 3GPP2 Work Status
   - Inter-Operability
   - Roaming
8. Day 2 – Morning (Future Evolution) ...............................................................
   - Requirements for future work/enhancements
   - Evolution Strategy
9. Day 2 (Afternoon)......................................................................................
   - Conclusions
   - Recommendations & Next steps
   - 3GPP/3GPP2 Feedback
   - Future Meetings
10. Adjournment
