Dear Mr. Robinson,

3GPP SA5 thanks 3GPP2 TSG-S for providing document S.S0028-A "OAM&P for cdma2000 (3GPP R4 Delta Specification)".

3GPP SA5 is intending to discuss this 3GPP2 specification during the 3GPP SA5#33bis meeting (04/2003) and to provide further information if applicable. 3GPP SA5 also would like to inform 3GPP2 TSG-S that activities on work item XML Reconciliation (3GPP SA5's SWGC WT14) are progressing and that subsequent results will be provided to 3GPP2 TSG-S as soon as available, for consideration on 3GPP2 TSG-S XML definitions.

We look forward to continued communication and co-operation on our collaborative effort to develop common and interoperable OAM&P specifications.

Best regards,
