CHANGE REQUEST
33.106 CR 007 # rev - # Current version: 6.0.0

For **HELP** on using this form, see bottom of this page or look at the pop-up text over the # symbols.

Proposed change affects: UICC apps# ME Radio Access Network Core Network

Title:	#	Clarification on delivery of IRI and CC
Source:	#	SA WG3 (LI Group)
Work item code:	#	SEC1-LI
	Date:	# 15-04-2004
Category:	#	F
		Use <u>one</u> of the following categories: F (correction) A (corresponds to a correction in an earlier release) B (addition of feature), C (functional modification of feature) D (editorial modification) Detailed explanations of the above categories can be found in 3GPP TR 21.900 .
	Release:	# Rel-6
		Use <u>one</u> of the following releases: 2 (GSM Phase 2) R96 (Release 1996) R97 (Release 1997) R98 (Release 1998) R99 (Release 1999) Rel-4 (Release 4) Rel-5 (Release 5) Rel-6 (Release 6)

Reason for change:	#	The first part of the first sentence in chapter 5.2.1.1 states that it shall be possible to request either IRI or both IRI and CC, which clearly means that it is not required to deliver CC only. The second part of the same sentence states “..of CC and IRI if required” and could be misunderstood as the possibility to deliver only CC, which is against the first part of the sentence
Summary of change:	#	The second part of the first sentence is rephrased to avoid contradictions inside the TS.
Consequences if not approved:	#	Wrong information and unclear requirements in the TS.

Clauses affected:	#	5.2.1.1								
Other specs affected:	#	<table border="1" style="display: inline-table; vertical-align: middle;"> <tr> <td style="width: 20px; text-align: center;">Y</td> <td style="width: 20px; text-align: center;">N</td> </tr> <tr> <td style="text-align: center;"><input type="checkbox"/></td> <td style="text-align: center;"><input checked="" type="checkbox"/></td> </tr> <tr> <td style="text-align: center;"><input type="checkbox"/></td> <td style="text-align: center;"><input checked="" type="checkbox"/></td> </tr> <tr> <td style="text-align: center;"><input type="checkbox"/></td> <td style="text-align: center;"><input checked="" type="checkbox"/></td> </tr> </table> Other core specifications # Test specifications # O&M Specifications #	Y	N	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

***** FIRST MODIFICATION *****

5.2.1.1 Activation of LI

As a result of the activation (of a warrant) it shall be possible to request for the specified target, either IRI, or both the IRI and the CC and designate the LEA destination addresses for the delivery of the ~~CC and~~ IRI and if required CC. These shall be selectable on a 3GMS basis according to national options.

***** END OF MODIFICATIONS *****
