SA has asked SA1 to review which documents that currently don't have a Release 6 version should be made part of that release. Below is a list of TSs that belong to SA1 which exist in Rel-5. Where there is no Rel-6 version, a proposal is made in red to upgrade it to Rel-6.

The starting point is for all TSs to be raised to Rel-6. However, this meeting needs to review this list and make proposals.
