Release 16 Focus area discussion SP-180558

Release 16 Focus Areas in SA

- Focus areas in 5G Release 16 can be categories as:
 - Enablement of New Services and Verticals
 - 5G System Architecture Enhancements
 - Non 3GPP Access Enhancements
- Various study items should be prioritized within these focus areas given the overall time budget constraint in SA WGs
 - This document hence presents our viewpoint on the study item prioritization in SA2 WG.

Our perspective on SA2 prioritization

High Priority

- New Services
 - FS-Vertical_LAN
 - FS-eV2XARC
 - FS-5GCIoT
