

**Agenda Item:** 6.6

**Source:** Fujitsu Europe Telecom R&D

**Title:** 3GPP SA Baseline Document

**Document for:** Discussion

---

As agreed during the first TSG (Dec 7/8 98) meeting a first draft document between the 3GPP partners will be issued during the second TSG SA meeting. It is proposed that the structure of the combined document be based on UMTS TSdocs:

<b>UMTS Tdocs</b>	<b>3GPP Tdocs (same title)</b>	<b>Proposed added text</b>
<b>22.00v2.0.0</b> UMTS phase 1	3GPP phase 1	TSGS1#63 Proposed General Requirement for UMTS.  Proposed Requirement for Core Network
<b>22.01v3.4.0</b> Service Principles	Service Principles	
<b>22.05v3.2.0</b> Services and Service Capabilities	Services and Service Capabilities	TSGS1#65 Proposed QoS requirements
<b>22.21v0.4.0</b> Provision of Services in UMTS VHE	Provision of Services in UMTS VHE	TSGS1#64 Proposed VHE requirements
22.15v2.0.0 Service Aspects;charging&Billing	Service Aspects;charging&Billing	

The text identified in the proposal is to be included in the approved SMG1 TS documents at SMG #28. The amended document is proposed for presentation as a first draft at the next TSG SA plenary in Florida.
