21 **3GPP2 Network Evolution**  
22 

---

  
23

24 Dear Stephen and Magnus,  
25

26  
27 3GPP2 TSG-X is currently working on network evolution for the core and radio access networks.  
28 One of the requirements of this evolution is to use IETF-based protocol for inter-technology  
29 handoff. We are aware of the work ongoing in 3GPP, and we are considering this as part of  
30 evolution discussions and decisions.  
31

32 Regards,  
33

34 *Betsy Covell*
