1. Overall Description:

T2 SWG 2 would like to thank SA2 for their LS on UE tunnelling for use in WLAN. T2 SWG2 group has reviewed the impact of Tunnelling on the UE and has currently identified no impact.

T2 SWG2 also believes, that it would be desirable to keep the end-to-end tunneling mechanism as close to current VPN solutions as possible. This would allow re-using of already existing tunneling client implementations.

2. Actions:

ACTION: SA2
None.

3. Date of next T2 Meetings:

T2#23	17-21 Nov 2003	US
