1. Overall Description:

SA3 thanks SA2 for their liaison, where the interface names were commented for support for subscriber certificate work item. SA3 agreed to adopt the "Z series" for the C and D interfaces, as Zh and Zn (see below), and continue to use Ub and Ua for UE related interfaces.
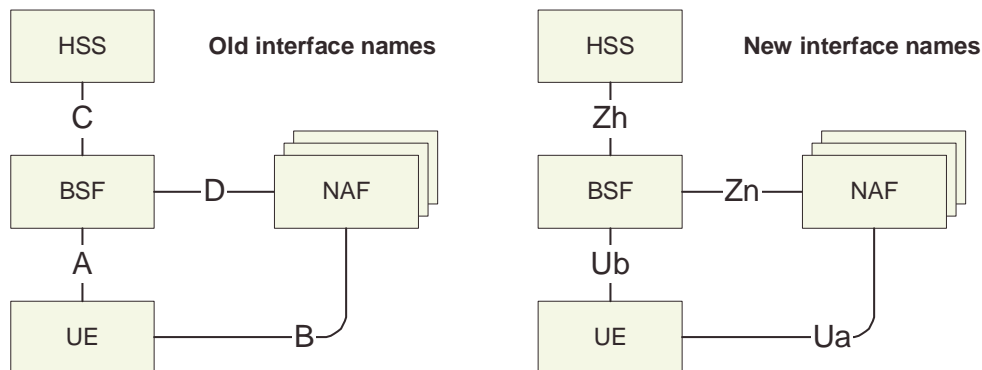

Note: The logic behind the naming is addressed as:

    U**b**   **B**ootstrapping air interface (from UE to BSF)
    U**a**   **A**pplication air interface (from UE to NAF)
    Z**h**   **H**SS interface from BSF
    Z**n**   **N**AF interface from BSF

2. Actions: None.

3. Date of Next TSG-S3 Meetings:

Meeting	Date	Location	Host
SA3#31	18-21 November, 2003	Munich, Germany	The European Friends of 3GPP
SA3#32	09-13 February, 2004	TBD	TBD
