

SDN-NFV ET Subcommittee

Status Update

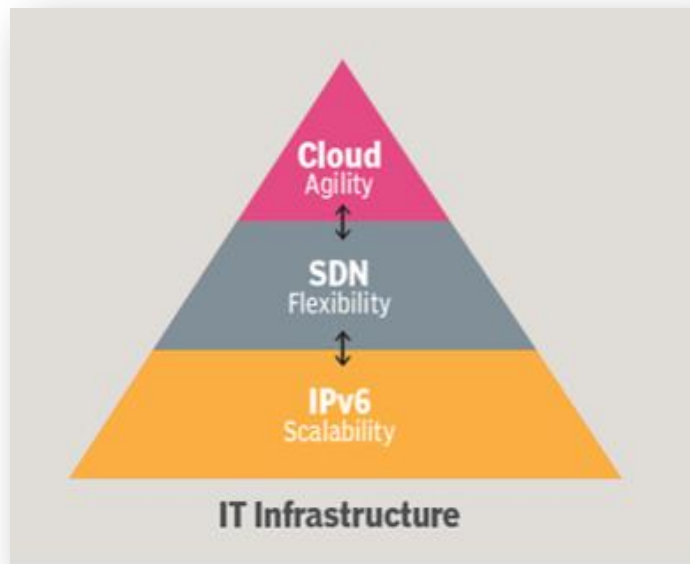

IEEE
COMMUNICATIONS
SOCIETY

EMERGING TECHNICAL COMMITTEE
SOFTWARE DEFINED NETWORKING
NETWORK FUNCTION VIRTUALISATION

Goals

- Drive the academic and industry discourse on SDN/NFV
- Provide the framework for SDN/NFV development in the larger context of IT transformation
- Coordinate with other emerging technologies sub-committees
- Support the organization of related events

Logistics

Ciprian Popoviciu
Nephos6
Chair

Adam Johnson
Midokura

Jeffry Handal
LSU
Secretary

Latif Ladid
IPv6 Forum

Yanick Pouffary
HP

Zoltan Lajos Kis
Ericsson

Participation

Industry

Academia

Software Defined Networking and Network Functions Virtualization
Emerging Technical Subcommittee

Activities

- Position paper
- Develop references to relevant knowledge resources and events
- Support conference efforts
 - First ComSoc SDN/NFV, Spring 2015
 - IEEE World Forum IoT

Next Steps

- Finalize position paper
- Help prepare the ComSoc SDN/NFV event in 2015
- Increase membership in the subcommittee
- Increase contributions

Thank You
