The Technical Plenary of oneM2M wishes to make you aware that oneM2M, the Global Partnership developing standards for Machine-to-Machine (M2M) communications and the Internet-of-Things (IoT) announced that its initial Candidate Release of Technical Specifications is now available for public download from oneM2M at:
http://www.onem2m.org/candidate_release.

In making this Candidate Release available for public comment, oneM2M is looking forward to receiving industry input on these foundation specifications for an M2M Service Layer which will enable scalable global deployment of M2M/IoT implementations and which aims at interoperability with existing standards. With the public comment phase scheduled to end 1 November 2014 the updated initial Release of oneM2M specifications will be approved by the oneM2M Technical Plenary in January 2015 for publication by the oneM2M Partner standards development organizations.
