Subject: Nomination of candidate for the 3GPP TSG Terminals Chairman/Vice Chairman

Dear Mr. Rosenbrock,

Siemens is pleased to nominate Mr. Dr. Peter Neumann as a candidate for the Chairmanship of the 3GPP TSG Terminals. Siemens as one of the major Terminal suppliers is willing to contribute in substance to the work of the 3GPP.

In case of a non-election to a Chairman he is also willing to become a Vice Chairman of the TSG Terminals.

Please find hereafter his curriculum vitae.

- 1983 • graduated to a Diplom-Ingenieur for Electronics at the University of Ilmenau, Germany
- 1985 • received a Doctors degree in ASIC design at the University of Ilmenau
- 1987 • spent one year of additional study at Tongji University in Shanghai, PR of China at the computers department in an international project
- 1991 • entered Siemens Nixdorf in Munich, dealing with quality assurance and testing of an Siemens UNIX operating system (SINIX)
- 1993 • moved to Siemens Mobile Networks, dealing with GSM Base Station System, department of systems engineering, responsible for standardization and concepts
• dealing with cell broad cast at ETSI SMG4
- 1995 • moved to Siemens Mobile Phones, dealing with AT commands, Multiplexing, etc.
• active member of SMG4 and the SMG plenary as well as GTAAB and PCN TAEG
• co-ordinated all GSM and UMTS related standardization and regulation issues (including phase 2 type approval) for Siemens Mobile Phones at the SMG plenary
• co-ordinated activities of delegates to SMG2, SMG4, SMG7, SMG9 and SMG11
- since 1995 • is representing Siemens mobile phones in ETSI SMG since plenary#17 and in ECTEL/TMS and joint meetings with the GSM MoU for standardization and regulation issues
- since 1997 • is representing Siemens mobile phones in ETSI SMG for GSM and UMTS/IMT-2000 related standardization and regulation matters

Yours faithfully
Dirk Weiler
