Subject: Candidacy of Mr. Peter Leis as Chairman of 3GPP TSG CT WG1

Dear Ms. Kooistra, Dear Mr. Firmin,

On behalf of Nokia, I am pleased to nominate Mr. Peter Leis as candidate for the 3GPP TSG CT WG1 Chairman elections to be held during the CT WG1 meeting#116 in April 2019 in Xi'an, China. Peter represents Nokia Germany, an ETSI member.

In September 2002 Peter has started to participate in 3GPP TSG CT WG1 and has been elected as a CT WG1 Vice Chairman in August 2015. Since then Peter has been chairing the CT1 breakout meetings and has shown the ability needed to lead CT WG1 standardization work.

Peter is informed about and aware of the antitrust/competition laws and regulations of relevant jurisdictions. If elected, he will comply with such laws while acting in his capacity as 3GPP TSG CT WG 1 Chairman.

As an indication of strong sustained commitment to 3GPP, Nokia will provide all necessary support and resources to Peter to allow him to fulfil his role as the 3GPP TSG CT WG 1 Chairman if elected.

Yours sincerely,

Miikka Poikselka

Head of Standard, Converged Networks

Brief CV of Mr. Peter Leis

Peter received a B.Sc. Degree in Electrical Engineering in 1991 from Munich University of Applied Sciences.

Peter has started his professional career at Siemens AG in 1992. He has held different positions in Siemens, Nokia Networks and Nokia including software engineer, system architect, and project manager.

Since September 2002 Peter is an active participant of 3GPP TSG CT WG1 and is a CT1 Vice Chairman since August 2015. In addition to his activities 3GPP TSG CT WG1 Peter started to attend 3GPP TSG CT in December 2015.

Peter holds the position of a CT WG1 main delegate and TSG CT main delegate for Nokia.
