

July 13th 2009

Ms Susanna Kooistra
Mr Frederic Firmin
3GPP MCC
650, route des Lucioles
F-06921 Sophia-Antipolis
France

Dear Susanna and Frederic,

On behalf of Research in Motion UK Ltd, an ETSI Member, I am pleased to announce that Mr Chen-Ho CHIN will stand as a candidate for the position of 3GPP TSG CT WG1 Vice-Chairman.

Chen-Ho has over 25 years working experience in telecommunications. He graduated with honours from Liverpool University, UK in 1979. After over 10 years working on fixed telecommunications systems, Chen-Ho moved to the GSM and mobile world in 1990. His work in mobile telecommunications since then has covered Standardisation, System Engineering, Design and Development, Integration and Testing. He has been working in UMTS since 2000 and LTE/SAE since 2007. In all these times, areas of work, different systems and Standards development in a variety of WGs, Chen-Ho has worked on both the terminal side and the network side.

With his experience, wide ranging telecommunications background and knowledge of the various mobile and fixed telecommunications systems and standards, Chen-Ho can continue to contribute richly to the continuing standardisation activities of 3GPP as he now does as one of the current vice-chairmen of CT1.

If re-elected Chen-Ho will do all he can to ensure that the development of the 3GPP specifications continues in an efficient, fair and productive manner.

Chen-Ho will represent the Individual Member "Research In Motion" and project partner "ETSI"

RIM will provide all the necessary support for Chen-Ho, if re-elected, to allow him to undertake this role, as part of RIM's ongoing commitment to 3GPP.

Yours Sincerely,

Paul Carpenter
Senior Director, Standards
Research In Motion Ltd.
