Ms. Susanna Kooistra and Mr. Frederic Firmin  
3GPP MCC  
ETSI  
650, route des Lucioles  
F-06921 Sophia Antipolis Cedex  
France

Dear Susanna and Frederic:

I am pleased to inform you that Qualcomm, through its ATIS 3GPP affiliation, is nominating Ramachandran Subramanian (Subra) as a candidate for the 3GPP TSG CT WG1 Vice Chairman in the upcoming CT1 WG election. If Dr. Subramanian is elected, Qualcomm will fully support him in his role as Vice Chairman.

Dr. Subramanian joined Qualcomm in 1996. Prior to joining Qualcomm, he worked at AT&T Bell Laboratories for 11 years. He obtained his PhD from The Ohio State University.

Dr. Subramanian has over 25 years of experience in telecommunications industry and has been attending and contributing to the 3GPP CT WG1 meetings since 2004. During this time, he has contributed to the design, development and specification EPS, IMS, and UMTS through active participation in CT1 and, more recently, TSG-CT.

In proposing Dr. Subramanian for the position of CT1 Vice Chairman, Qualcomm remains fully committed to continue to strengthen and expand the foundation for success and growth in mobile broadband services delivered through rapid evolution of 3GPP technologies.

I believe that Dr. Subramanian's recognized leadership, ability to seek consensus, and strong technical background make him ideally suited for the role of CT1 Vice Chairman.

Best Regards,

Edward G. Tiedemann, Jr.  
Senior Vice-President, Engineering  
QUALCOMM Incorporated
