

February 10, 2025

Dear Ms Comin and Mr Kymalainen,

Cisco (ATIS) is pleased to formally nominate Mr. Anders Askerup for the position of Vice Chair in the upcoming 3GPP TSG CT WG4 election in April 2025.

Mr. Askerup has an extensive and accomplished career in the wireless industry, demonstrating a steadfast dedication to the success and advancement of 3GPP and its objectives. Since 2002, he has actively participated in 3GPP, and since 2004, he has been a continuous contributor to CT4, focusing on specifications related to the MAP, Diameter, LDAP, and SBI interfaces. He is currently serving as rapporteur for 3GPP TS 29.598 (Nudsf), where he has been instrumental in advancing critical specifications.

Cisco has been a longstanding supporter and key contributor to 3GPP specification work across various working groups. We believe in the transformative work the organization is doing and remain fully committed to supporting 3GPP's mission. In line with this commitment, Cisco will provide Mr. Askerup with the full support and resources necessary to successfully fulfill the duties and responsibilities of the CT4 Vice Chair role. Furthermore, Mr. Askerup is well-versed and will be continuously updated on the antitrust/competition laws of relevant jurisdictions, ensuring full compliance while acting in his prospective capacity as CT4 Vice Chair.

We are confident that Mr. Askerup's leadership and expertise will greatly benefit the CT4 working group and 3GPP. We look forward to your continued support and collaboration as we advance these crucial initiatives.

Thank you for considering our nomination.

Sincerely,

A handwritten signature in blue ink that reads "Ravi Guntupalli".
