works for me™

To: Ms. Susanna Kooistra, Mr. Alain Sultan (MCC)

Re: Sprint nomination and support for 3GPP SA 1 Vice Chairman Candidate

Dear Susanna, Alain and 3GPP SA 1 delegates

On behalf of Sprint, an ATIS member of 3GPP, I am pleased to nominate Mr. Gregory Schumacher as a candidate for the position of 3GPP SA 1 Vice Chairman for a second term in the upcoming elections at SA 1 #88 in Reno, Nevada.

Mr. Schumacher has been an active delegate in a number of SA groups including TSG CT, TSG SA, SA 1, SA 2, SA 3 and SA 3 LI; is TSG-SA vice-chair; and has been a rapporteur on several recent security topics. His long experience in 3GPP as well as ATIS both at the technical working group and plenary level provides him with a breadth and depth of experience in 3GPP.

Mr. Schumacher is fully aware of the antitrust/competition laws and regulations of relevant jurisdictions and shall comply with such laws while acting in his capacity as SA 1 Vice Chairman if elected.

Mr. Schumacher has the full commitment of Sprint in terms of both time and resources required to perform the duties of this SA 1 leadership position.

Sincerely,

A handwritten signature in black ink, appearing to read "Mark Lipford", is written over a light gray rectangular background.

Mark A. Lipford
Director of Sprint Global Standards

We work for the people who matter most, *our customers.*

Brief Curriculum Vitae of Mr. Gregory Schumacher

A broad background in both the key technologies deployed for mobile communication as well as extensive background in standards development organizations central to these technologies. Core network focus with experience in SDO practices and procedures. Deep familiarity with US regulatory obligations for mobile service providers.
