Mr. Bernt Mattsson  
Ms. Susanna Kooistra  
ETSI, Mobile Competence Center

**Subject: Nomination for 3GPP TSG SA WG6 Chairman**

Dear Mr. Mattsson and Ms. Kooistra,

Samsung is very pleased to nominate Mr. Suresh Chitturi as a candidate for the position of 3GPP TSG SA WG6 Chairman. Suresh Chitturi representing Samsung Electronics, a member of TTA, is our standardization leader for applications and services standards.

He is currently serving as the first Vice-Chairman of TSG SA WG6 within 3GPP. In his role as Vice-Chairman, Suresh displayed exceptional leadership abilities in a very challenging environment, and successfully steering a diverse group towards timely completion of MCPTT (Stage 2) in Rel-13. This achievement, coupled with his strong technical standardization background and experience in various leadership positions in multiple standards forums, we can assure you with no hesitation that Suresh will be an excellent candidate for the role of SA6 Chairman, and the continued success of SA WG6 in the years to come.

Suresh will be trained to comply with all applicable antitrust/competition laws and regulations while acting in his capacity as TSG SA6 Chairman.

Samsung is fully committed to support Mr. Suresh Chitturi in his role as the Chairman. A brief curriculum vitae of Mr. Suresh Chitturi, is enclosed.

Sincerely,

Sungho Choi  
Vice President  
Head of Standards & Technology Enabling Team  
DMC R&D Center  
Samsung Electronics Co., Ltd

## **Curriculum Vitae of Suresh Chitturi**

Suresh Chitturi received his Bachelor's degree in Electronics and Communications, from University B.D.T. College of Engineering, India in 1997, followed by Master of Science degree in Computer Science, from University of North Texas, USA in 2000, and a Graduate Certificate in Project Management from University of Dallas, USA in 2006. He possesses over 16 years of total experience in the mobile industry, including over 13 years of experience in defining emerging technology standards.

Suresh brings with him vast domain knowledge in the area of applications and services layer standardization topics including, but not limited to, mobile applications, content, services, web technologies, data formats, and communication protocols.

Over the years, besides his efficient project management and leadership skills, Suresh has actively contributed to a number of technical standardization forums including 3GPP, OMA, W3C, JCP and GSMA. He has played key leadership roles in standards forums such as Specification Lead/Editor for JSR-226, JSR-227 API Specifications within Java Community Process (JCP), Advisory Committee (AC) Representative in World Wide Web (W3C) Consortium, Lead Technical Delegate in GSMA RCS/OIG specification(s), 3GPP SA4 WG, and a prolific technical contributor to various OMA Enablers (i.e. EVC, CAB, XDM, RME, SVG, Browser, and DM Client API).

He currently holds the Vice-Chairman position of 3GPP SA6 WG, Convener of OMA Enhanced Visual Call (EVC) SWG, and standardization leader of Samsung activities within TSDSI.

Suresh was nominated for the Most Outstanding Specification Lead Award by Java Community Process (JCP) in 2005, and is a certified Project Management Professional (PMP).
