

Ms. Susanna Kooistra
Mr. Frederic Firmin
3GPP Mobile Competence Centre

Nomination for 3GPP TSG CT WG1 Vice Chairman position

Dear Susanna, Dear Frederic,

Nokia Siemens Networks (ETSI) is pleased to nominate Mr. Peter Leis as candidate for the 3GPP TSG CT WG1 Vice Chairman elections in the TSG CT WG1 meeting in August 2013.

Peter has over 20 years of working experience in the field of telecommunication. He has held different positions in our company including software engineer, project manager, system architect and as senior standardization expert.

Since 2001 Peter has attended different standardization bodies such as ITU-T, ETSI and 3GPP.

Since September 2002 Peter is an active participant of 3GPP TSG CT WG1 meetings with a focus on the IP Multimedia Subsystem (IMS). Peter is rapporteur of several work items and technical specifications in the area of IMS. He also chaired some IMS breakout sessions in the recent past and holds the position of a CT WG1 main delegate for Nokia Siemens Networks.

If elected, Nokia Siemens Networks will provide all the necessary support for Peter required for this position.

Peter Leis represents the individual member "Nokia Siemens Networks Oy" and Project Partner "ETSI".

Best Regards,
